

PORT OF LOPEZ MISSION STATEMENT

Our Mission is to ensure that the area's essential transportation needs are met, that the local economy is sustainable through the use of Port facilities and that the community can access and be informed of the services provided by the Port. The Port will work toward continued access to our marine waterways and to provide a safe airport for the use of the general public. The Port pledges to work cooperatively with other entities, within the framework of community standards and to be responsible trustees of our publicly owned assets.
